

CYPHER content options

Custom-made to ready-made 3rd party content

When it comes to content, CYPHER is your ultimate partner. We offer comprehensive options to meet all your content needs, giving you the freedom to choose the

perfect fit for your goals. Mix and match custom and ready-made 3rd party options to suit your needs.

Mix and match from these different options. The choice is yours.

CYPHER includes more than 400+ customizable and pre-built courses as part of our content bundle. You can review and personalize these courses to meet your specific needs and assign them to learners at your convenience. Course topics include, but are not limited to, soft skills, communications, and project management.

As part of the content bundle, we also include a Quick Start collection of 65+ courses in a SCORM-interactive format, that are ready-made, so you can promptly assign them to learners.

AI 360 with Copilot generates course modules complete with outlines, content, video, study guides and glossaries. It also includes competency and skill mapping, gamification, assessments, and media options.

If you find that you need more content, we have our Mind Tools collection that includes an additional 70+ videos and e-courses, focused on leadership and management, to support your reskilling and upskilling needs.

For niche content around your specific industry or other relevant topics, we can also deliver ready-to-go content from our 3rd party providers, including Go1, Udemy, LinkedIn, and Coursera.

OPTION 1 CYPHER content bundle

CYPHER includes more than 400+ customizable and pre-built courses as part of our content bundle. Your organization can review and personalize these courses to meet your specific needs and assign them to learners at your convenience. Course topics include, but are not limited to, soft skills, communications, and project management. The 400+ courses include 80+ courses created by master trainer [Chris McCoy](#).

As part of the content bundle, we also include a Quick Start collection of 65+ courses in a SCORM-interactive format, that are ready-made, so you can promptly assign them to learners. The 65+ courses include specialty courses created by expert trainers from [Fulcrum Network](#).

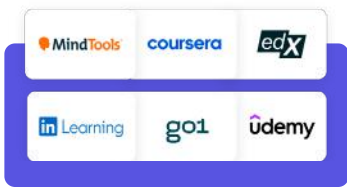

OPTION 2

Custom-made content

Generate entire custom-made courses complete with competency and skill mapping, gamification, and assessments - in minutes. Ask [AI 360](#) to add quizzes, multimedia, study guides, glossaries, and more.

AI 360 can even generate entire courses from your uploaded resources – videos, PDFs, etc. – tailored to your terminology, branding, and style. Whether utilizing content from the Internet or uploading your own resources, create uniquely tailored courses with ease.

[See sample courses made using CYPHER AI 360 with Copilot](#) - your course creation assistant where the possibilities are endless!

OPTION 3

Ready-made 3rd party content

If you find that you need more content, we have our Mind Tools collection that includes an additional 70+ videos and e-courses, focused on leadership and management, to support your reskilling and upskilling needs.

Access industry-specific ready-made content through our third-party providers. Purchase (Coursera, Go1, Udemy, Mind Tools) available directly from CYPHER. We also integrate with (edX, LinkedIn Learning) courses directly from any of our content partners within the CYPHER platform.

With CYPHER's ready-made content partnerships, you don't need to juggle multiple platforms, deal with lengthy procurement, or take on difficult integration challenges. With our seamless content offerings, we save you precious time and effort.

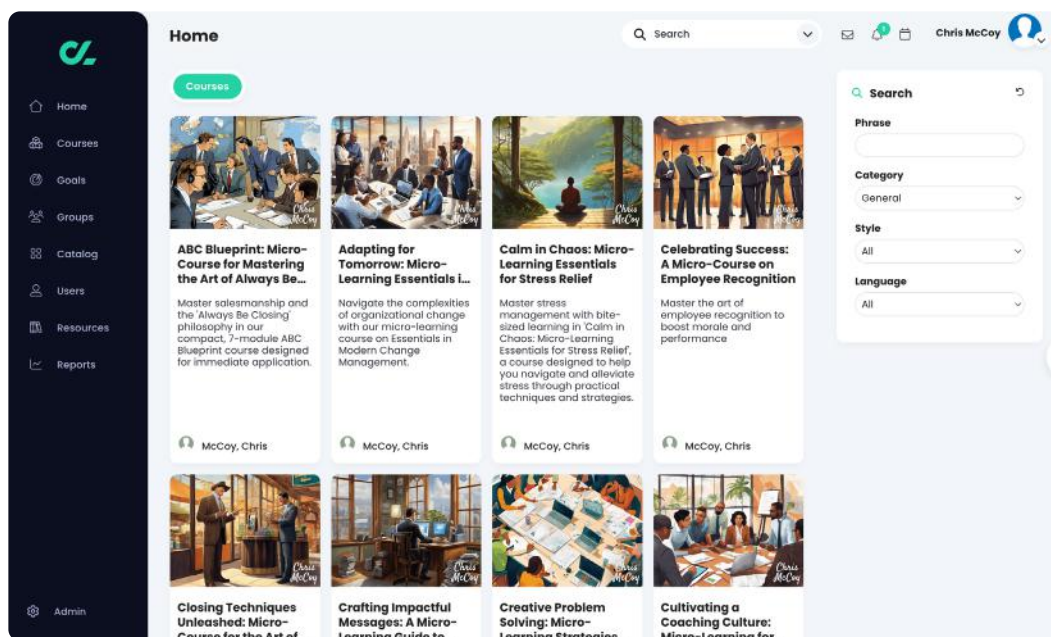

Chris McCoy

Featured master trainer
